Qual EASY

Make the Quality Connection with Qual-Pex Plus+ Easy-Lay Pipe

In 1988 Pipelife reshaped the plumbing industry by first introducing our Qual-Pex Pipe to the Irish market. Thirty years on and Pipelife continue to be the market leaders in Plastic Pipe technology, with the most extensive range of products within the Irish market. Specialising in the extrusion of polyethylene (PE) pipes, Pipelife offers industry leading products for the heating & plumbing, water pressure, electricity, cable ducting, gas and agricultural sectors.

Drawing on over 45 years of manufacturing experience from our production plant in Cork, Pipelife has been to the forefront in developing innovative products. Being a leader through continuous innovation and providing solutions that address the challenges that plumbing professionals face every day is who we are.

Whether you are repairing a water pipe, installing an underfloor heating system, upgrading your heating or plumbing a system on a new house, Pipelife Ireland provides proven solutions that save you time, reduce costs, and have the versatility to overcome the most difficult situations. So after 30 years, we think it's time to Evolve!

Qual-Pex Plus+ Easy-Lay

5 REASONS

to use our new Qual-Pex Plus+ Easy-Lay Pipe

ULTRA FLEXIBLE

Our new Qual-Pex Plus+ Easy-Lay Pipe is noticeably more flexible than other pipes. It's quick and easy to uncoil and the flexible material allows you to manoeuvre the pipe with complete ease. Increased flexibility delivers added value. Now easier and quicker to install using less materials and less labour. You save every time. Get the edge over your competition!

Our new Qual-Pex Plus+ Easy-Lay Pipe is more than meets the eye. It's been specially designed for the installer. It's amazingly flexible, incredibly efficient & versatile system.

VERSATILE

Qual-Pex Plus+ Easy-Lay Pipe is designed to complement our existing ranges of Qual-PEX Easy-Crimp and Tectite fittings. The pipe is also recommended for use with standard brass compression fittings, and manifolds, as well as with some specific press and push-fit fittings. Available in Tan lengths and coils, in imperial sizes of ½" (14.7mm), ¾" (21.0mm), and 1" (27.4mm), and white multilayer sizes of 16mm, 20mm, 26mm & 32mm. 'Qual-PEX Plus+ Easy-Lay' will be provided in 'Pipe-in-Pipe' 'Eco-Pex' & Eco-DUO' formats.

MANUFACTURED IN IRELAND

Qual-Pex Plus+ Easy-Lay is 100% Irish made and is manufactured to the most stringent standards allowing you to install with confidence. Plus with every purchase of Qual-Pex Plus+ Easy-Lay Pipe you're supporting Irish Jobs!

QUALITY CHOICE

You choose a quality product manufactured by a trusted leader of Plumbing & Heating Pipe in Ireland with almost 50 years' experience. Your next phase of plumbing success starts here!

PROVEN & GUARANTEED

With our market leading 50 Year Guarantee offering you more certainty to install with confidence.

Qual-Pex Plus+ 'Easy-Lay'

Qual-Pex ^{PLUS+}
EASY-LAY

- Qual-PEX Plus+ "Easy-Lay" is the next generation plumbing & heating pipe, for hot and cold water distribution services, as well as for central heating and underfloor heating systems.
- Qual-PEX Plus+ "Easy-Lay" is extremely flexible, with exceptional lay-flat capability, enabling faster, easier and more cost-effective installations.
- Qual-PEX Plus+ 'Easy-Lay' is approved for use under the following service conditions:
 - 12 Bar at 20°C
 - 4 Bar at 82°C

Pre-Insulated Qual-PEX Plus+ 'Easy-Lay' Pipe

A pre-insulated Pipe to save time, money and energy costs for Domestic, Commercial and Industrial applications.

- Available in imperial sizes of 1/2", 3/4" & 1" in 50m Coils which are approved for use with Qual-Crimp, Tectite and compression fittings.
- Also available in multilayer sizes of 16mm, 20mm, 26mm & 32mm & are approved for use with suitably approved Press-Fittings.
- Manufactured in Ireland.
- 50 Year guarantee.
- Available through all leading merchants.

Product Description:

It is insulated with a high quality CFC-free and HCFC-free, blue or red flexible closed cell polyethylene pipe insulation. It has been designed to save time, money and energy costs and will improve the energy rating (BER) of any building.

The Insulation:

Tubolit is high quality insulation with a low thermal conductivity. It is highly efficient in energy conservation and frost protection. It is non fibrous and creates no dust during installation or use. It has a durable PE-film covering allowing maximum protection against water penetration and maximum bonding with concrete. It is also designed to give mechanical protection for in-wall cavity pipelines, which includes resistance to building materials and has a pleasing coating for exposed areas.

Qual-Pex Plus+ 'Easy-Lay' Eco Duo

Qual-Pex ^{PLUS+}
EASY-LAY

Qual-PEX Plus+ 'Easy-Lay' ECO Duo Pipe has been designed to simplify and speed up installation by utilising standard Irish size fittings and pipe and to greatly enhance energy conservation, thus reducing energy costs.

PRE-Insulated and Ducted Qual-PEX Plus+ 'Easy-Lay' for Local & District Heating

- Irish size pipe eliminates the need for expensive adaptors.
- Use with standard compression fittings & Qual-PEX inserts.
- Manufactured in IRELAND.
- 50 year guarantee.
- Available in coils of 100m.
- Coils can be cut to order.
- Range of end caps & junction covers available.
- Available in all leading Merchants.

Applications:

- Air/Water Heat Pumps.
- Geothermal Heat Pumps.
- Wood Pellet Boilers.
- Biomass & Biogas Boilers.
- External Gas and Oil Boilers & many more.

Product Description:

Two pre-insulated, Qual-PEX Plus+ 'Easy-Lay' Pipes encapsulated in 125mm of high performance insulation protected within a corrugated PE-HD twin wall outer casing for maximum protection. Delivering industry leading thermal insulation properties using Ireland's leading plumbing and heating pipe.

The Insulation:

The insulation of Qual-PEX Plus+ 'Easy-Lay' ECO Duo Pipe consists of micro-cellular cross-linked polyethylene foam with a closed cellular structure, permitting low water vapour diffusion with good insulation resistance to extreme temperatures. Moreover, Qual-PEX Plus+ 'Easy-Lay' ECO Duo Pipe maintains these high insulation properties over time. This is due to the superior characteristics of the cross linked PE foam, compared to other insulation materials (e.g. PUR foam) which show a decline in their insulation capabilities over time. Its unique moving layers design allows maximum flexibility and very easy installation.

TESTIMONIALS

"I love the flexibility of the new Qual-Pex Plus+ Easy-Lay Pipe. The Lack of spring makes it easier to handle and makes the install a lot quicker. I have used all kinds of plumbing pipe but the Qual-Pex Plus+ Easy-Lay is by far the easiest to work with"

- Patrick McHale
JOHN MCHALE BUILDING SERVICES

"We have nothing against the old ways, but faster is faster, and better is better. When we started using the new Qual-Pex Plus+ Easy-Lay Pipe we soon realised it would solve a lot of the problems we have been having and make it easier for us to do our job. The New Qual-Pex Plus+ Easy-Lay Pipe will certainly help make a tradesmen's day go easier."
